High-Risk Jurisdiction Register

Document ID: DCB-REG-HRJ | Version: 2026-Q3 | Status: Current

Effective date: 2026-07-01

Classification: Internal | Owner: Compliance Department

1. Purpose

The register lists jurisdictions that DCB treats as high risk for money laundering and terrorist financing. Note: jurisdiction names in this training register are fictional.

2. High-Risk Jurisdictions

Marovia (MRV); Kestrel Islands (KSI); Valdoria (VLD); Ostrana (OST); San Teodoro Free Zone (STF). Any transaction to or from these jurisdictions contributes to the case risk score and triggers EDD for the customer.

3. Jurisdictions under Increased Monitoring

Belmora (BLM) and Tessaly (TSY). Transactions are monitored but do not by themselves trigger EDD.
